

To whom may it concern,

I am writing this letter in support of Mr Nelson Baroi and his application to your institution. I, as Nelson's Dean of the Faculty, would like to request you to accept this letter as a formal letter of recommendation. I have known Nelson four years now and according to my observation, he is the most deserving candidate for any institution/organization he intend to join/get admitted to.

I have always looked up to Nelson as a person of principles, intellect, and patience. During our time together in Kalmyk State University, He was always helpfull. Not only his batchmates but the professors believed in Nelson's abilities and expected him to reach greatness in every aspect. He is dedicated and hardworking person and I see him as a pioneer in his field of interest in the coming years.

Keeping in mind all his merits, I am sure that Mr Nelson Baroi would be the ideal person for the program and your institution would be as proud of his work as we are. I strongly recommend Mr Nelson for this program in your institution. In the case of any doubts or queries, you can email me at [pavlova\\_nc68@gmail.com](mailto:pavlova_nc68@gmail.com).

Yours Sincerely,

Nudlya Pavlova
